United States Congress District 3

January 2024

Our Liberty

Is not Negotiable!

One of the reasons I declared my candidacy for Oklahoma's 3rd Congressional District was my utter frustration and the continued recklessness in Washington DC. I think the preamble of the Constitution needs to be heavily considered this year.

"We the People of the United States, in Order to form a more perfect Union, establish Justice, insure domestic Tranquility, provide for the common defence, promote the general Welfare, and secure the Blessings of Liberty to ourselves and our Posterity, do ordain and establish the Constitution for the United States of America."

Simple, eloquent, and exceptionally misinterpreted for political gain in our government. Let's consider how our country is doing with these basic ideas. **A more perfect Union** - have we ever been less unified? **Establish Justice** - do we see justice in the handling of President Trumps persecution, the demonstrators from January 6th, or the perpetrators of the riots during Trump's term? Is it justice to allow illegal immigrants more rights than American Citizens? How about **domestic Tranquility, the common defence**?

The line in the preamble that hurts me the most as a father is; **secure the Blessings of Liberty to ourselves and our Posterity**. We have gravely failed our children. We have allowed a dystopian hell hole to be created. One where censorship and correct think are leading to a social credit score that is monitored. A future where if - someone says *a transvestite is pretty or the Chinese Communist Party wants what is best for its people; you've increased your social credit score by 20 points, but if you say I believe in Christ, -20 points!* It is sad and frightening to consider!

"Freedom is never more than one generation away from extinction. We didn't pass it to our children in the bloodstream. It must be fought for, protected, and handed on for them to do the same, or one day we will spend our sunset years telling our children and our children's children what it was once like in the United States where men were free."

Trump WINS!

The Iowa Caucus and NH Primary -

After all of the persecution, all of the denial from the Left and Right, President Trump was the decisive winner in the first two Presidential events of 2024.

The RNC actually wanted to declare him the presumptive nominee for the Republican Party because he won so decisively, but he wisely declined.

"While I greatly appreciate the Republican National Committee (RNC) wanting to make me their PRESUMPTIVE NOMINEE, and while they have far more votes than necessary to do it, I feel, for the sake of PARTY UNITY, that they should NOT go forward with this plan, but that I should do it the "Old Fashioned" way, and finish the process off AT THE BALLOT BOX."

We need America first disruptors that will change Washington D.C.!

Faith and Politics

Misuse of the 1st Amendment

Faith and Politics: For a long time, the Left (Democrats) have held up that the Constitution's 1st Amendment forbids religion from politics.

“Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof.”

The root of this was the state-sponsored religions under monarchies and the entire reason the Pilgrims came to America. In the United States of America, religion is a guide for all that is good in our public discourse, we see what happens when that is forgotten today.

“Our Constitution was made *only* for a moral and religious *People*. It is wholly inadequate to the *government* of any other.” – John Adams

Our freedom to worship God as we see fit and abide by his teachings has been under assault constantly for decades. For example, the proprietor of the Masterpiece Cakeshop has been sued multiple times for not baking cakes for gay weddings and gender transitions. The Leftists considers it discriminatory to not bake a cake for a special class, while the baker just wants to adhere to his conscience and God's teachings that he is entitled to under the Constitution!

The vaccine mandates are another battle where those of us who do not want anything to do with medicines developed using fetal tissues are being forced to take under the pretense of public health.

The Laws of Man will fail, while God's Laws will always endure. **Our liberty is not negotiable!**

The Lion's Den

The Lion's Den is a grassroots gathering of Oklahomans from all walks of life established to support Constitutional Conservative values. Ronda Lee Peterson was kind enough to invite me and let me speak at her recent event. It is so popular that other Lion's Dens are popping up in other parts of Oklahoma. She is a blessing to the people of Oklahoma and an amazing voice for what is good and right! - <https://www.youtube.com/@HamiltonForOklahoma> -
